

COLLINS KRUBU

Senior Full-Stack Blockchain Engineer · Solana · Rust · Solidity · Next.js · Go

collinskrubu723@gmail.com · +234 8107111396 · github.com/collinpowell · linkedin.com/in/collins-krubu · Port Harcourt, NG · Remote Worldwide

PROFESSIONAL SUMMARY

Senior Blockchain & Full-Stack Engineer with 6+ years architecting production-grade DeFi protocols, DEX aggregators, smart contracts, and full-stack Web3 platforms. Shipped systems processing \$1M+ in trading volume across 300K+ users. Deep expertise in Solana/Rust, Anchor Framework, Solidity, Jupiter API, and multi-chain routing. Built custom EVM-compatible blockchain on Cosmos SDK / Ethermint. Equally strong in Next.js and Node.js for full-product delivery. Available for remote roles, open to relocation.

CORE SKILLS

Blockchain: Solana, Rust, Anchor Framework, Jupiter API, multi-chain routing

Smart Contracts: Solidity, ERC standards, OpenZeppelin, Hardhat, Truffle, Foundry

Chain Infrastructure: Cosmos SDK, Ethermint, Tendermint, custom chain deployment, AWS EC2 node deployment

DeFi / Web3: DEX aggregator architecture, DeFi protocols, NFT ecosystems, token deployment, multi-sig security

Frontend: Next.js, React, TypeScript, Tailwind CSS — production Web3 UIs

Backend: Node.js / Express, Go (Golang), REST APIs, WebSockets

Cloud & CI/CD: AWS EC2, Docker, Vercel, GitHub Actions, GitLab CI

EXPERIENCE

Luna Finance — **Backend Developer** Contract · Remote · Remote

Stack: Rust, Solana, Solidity, Jupiter API, Node.js, TypeScript, GitHub Actions

- ▶ Architected backend and smart contract infrastructure for a production cross-chain DEX aggregator — \$1M+ in trading volume, 300K+ users.
- ▶ Integrated Jupiter API (Solana's leading liquidity aggregator) with multi-chain routing logic; reduced API response times by 80% through optimisation and caching.
- ▶ Deployed Solidity smart contracts for EVM-side execution and Rust/Solana programs for on-chain operations; maintained CI/CD pipelines via GitHub Actions and GitLab CI.

Solvux — **Sole Developer** Personal Project · Ongoing · Remote

Stack: Next.js, Rust, Solana, Solidity, Node.js

- ▶ Designed and built a full cross-chain DeFi platform from scratch supporting 50+ blockchain networks — swaps, bridging, and advanced routing algorithms for best-price execution.
- ▶ Implemented institutional-grade multi-sig security architecture and automated deployments via GitHub Actions.
- ▶ Currently building Solvux Wallet — a secure, cross-chain crypto wallet in Flutter.

Kitty Couture — **Solana Developer & Frontend Engineer** Client Project · Remote · Remote

Stack: Next.js, Rust, Solana, token deployment

- ▶ Built the website and complete Solana token infrastructure for a meme coin + NFT ecosystem — KITTY token smart contract integrated with Dream Girls Digital Collectibles NFT platform.
- ▶ Smart contract deployment enabled the project to raise significant seed funding.

Howell Network — **Blockchain Developer & PM** Contract · Remote · Remote

Stack: Cosmos SDK, Ethermint, Tendermint, AWS EC2

- ▶ Built a custom EVM-compatible blockchain on Ethermint, Tendermint, and Cosmos SDK; deployed a full node on AWS EC2 and connected to MetaMask.
- ▶ Managed end-to-end project delivery — technical specs, timelines, cross-functional team coordination, and documentation.

Lupply — **Founder & Engineering Lead** 2024 – Present · Remote

Stack: TypeScript, Next.js, Node.js, Flutter, MongoDB, GitHub Actions

- ▶ Founded and led engineering team of 5+ to build a complete SaaS platform from 0 to 1 — demonstrating full-product delivery capability beyond blockchain.
- ▶ Shipped cross-platform mobile app (iOS & Android) and Windows desktop app, all live in respective stores.

NodeX iHub — **Co-Founder & Lead Engineer** 2020 – 2023 · Warri, Nigeria

- ▶ Co-founded a tech learning hub; led blockchain, Web3, and full-stack development training for students.
- ▶ Directed all software projects, enforced CI/CD standards, and grew junior developers into capable engineers.

EDUCATION

BSc Computer Science, 2nd Class Upper Honours · Federal University of Petroleum Resources (FUPRE), Warri
· 2017–2022
